Mike;

I just wanted to take a minute to thank you and your team for the outstanding service that you provided on our recent "Utility Bill" campaign. You exceeded our expectations by delivering the job in advance of the deadline, and we were able to get the promotion kick off on time! In the downsized environment that we operate under, it is terrific that we can rely on your group to help us meet our commitments.

Thanks again, and we are looking forward to working with you the next time.

Sincerely,

Chris Contney
